Cast Stone

Cast stone products in the USA using locally sourced materials. All of our cast stone pieces are manufactured using the wet casting technique with a proprietary high density cast stone mix, yielding a PSI strength of approximately 7,500. The mix is comprised primarily of water, sand, stone aggregate and cement. Our cast stone products may qualify for LEED credits as applicable to your project. Cast stone produces a strong and durable product that will weather naturally in an outdoor environment. Simply stated, cast stone is chosen for its beauty and authenticity. Our material is natural, authentic, made in the USA, and 100% recyclable.

Available in a choice of thirteen (13) exclusive natural pigment stains in addition to natural. All of our patinas are hand applied in a multi-step process which produces unique and beautiful surface finishes. Designed to replicate the look of naturally aged materials, the patinas will not prevent the natural aging process that occurs in an outdoor environment. Rather than creating uniform stains, our approach gives our products their unique beauty and appeal.

Material	Item Description	Item #	Outside Dimensions	Inside Bowl Height	Base Dimensions	Approx. Weight	Connection Type
Cast Stone	Chestnut Hill Birdbath	B-050	27" Diam. x 35.5"H Post: 30.5"H	2.5"H	14" Diam.	193 lbs	Female to Male

Chestnut Hill Birdbath

Materials: water, sand, stone aggregate and cement

Touch-up & Patch Kits: Available upon request by calling 925 234-3153.

Cleaning Instructions: Cast stone birdbaths can be cleaned with diluted vinegar and water or with any commercially available mild detergent. Use a soft cloth, sponge, or brush. Do not pressure wash, apply corrosive cleaners or clean with anything abrasive. Note that it may take several cycles of wiping and drying before the birdbath is completely clean. Cast stone contains salts that may effloresce over time. You will notice a fine white powdery coating on the surface of the cast stone if the efflorescence is present in your product.

Warranty: Yard Art provides a limited 3 year warranty for material and manufacturing defects only assuming proper product care and maintenance as described in product specifications. Please refer to care instructions for proper care and maintenance. In addition to the failure to properly care for and maintain the product, this limited warranty does not apply to any defects which occur in the color or surface of the product which are the result of natural weathering, exposure to the elements or improper winterization. Yard Art will not be held liable for any incidental or consequential damages, including but not limited to damage to any plants which may have been planted in the product.
